Introduction

Our **vision** for our Trust is we exist to:

Help every child achieve their God-given potential

Our **aims** are clear. We aim to be a Trust in which:

Developing the whole child means pupils achieve and maximise their potential

Continued development of staff is valued and improves education for young people

All schools are improving and perform above national expectations

The distinct Christian identity of each academy develops and is celebrated

Our work as a Trust is underpinned by shared **values**. They are taken from the Church of England's vision for Education and guide the work of Trust Centre team. They are:

Aspiration

I can do all things through Christ who strengthens me
(Philippians 4 vs 13).

Wisdom

Listen to advice and accept discipline, and at the end you will be counted among the wise
(Proverbs 19 vs 20)

Respect

So in everything do to others what you would have them do to you
(Matthew 7 vs 12)

Our vision of helping every child achieve their God-given potential is aligned with the Church of England's vision for education and is underpinned by the Bible verse from John: *I have come that they may have life, and have it to the full.*

1. Policy Aims

All Saints CE Junior Academy is committed to providing a safe environment for all pupils with allergies and intolerances.

The aims of this policy are to ensure that:

- Pupils with allergies are protected and supported at all times;
- Staff understand their responsibilities regarding allergy management and emergency response;
- Appropriate preventative measures are in place to reduce the risk of allergic reactions;
- Emergency procedures are clear, effective and consistently followed;
- Catering and food service arrangements comply with legal requirements;
- Parents, pupils and staff work collaboratively to support allergy safety; and
- The requirements of Benedict's Law and Natasha's Law are fully implemented.

2. Legislation and guidance

This policy has been developed in accordance with:

- The Children and Families Act 2014;
- The Food Information Regulations 2014;
- The Health and Safety at Work etc. Act 1974;
- The Food Safety Act 1990;
- Supporting Pupils at School with Medical Conditions statutory guidance;
- Natasha's Law (Food Information (Amendment) (England) Regulations 2019); and
- Benedict's Law statutory guidance (effective September 2026).

Benedict's Law

Benedict's Law is a landmark piece of UK legislation which is named after five-year-old Benedict Blythe, who tragically died in 2021 after a severe allergic reaction to milk at school. In March 2026, the government confirmed these protections would become mandatory, with statutory guidance coming into effect in September 2026.

What Benedict's Law Requires

The law moves allergy safety from "optional advice" to a legal requirement for all schools in England. It covers:

All Saints CE Junior Academy must have a clear, published policy for managing allergies and emergencies.

All **All-Saints CE Junior Academy's** staff (not just first-aiders) and any other people such as contractors, volunteers or governors who visit the school/academy during hours students are on site must be trained to recognize anaphylaxis and use an adrenaline autoinjector pen.

All Saints CE Junior Academy is required to keep "spare" adrenaline auto-injectors (AAIs) on-site for emergency use.

Every child with a known allergy must have a formal, documented Individual Healthcare Plan (IHPs):

One of the most significant shifts is that external catering providers are now legally bound to the school's specific allergy policy. If **All Saints CE Junior Academy** uses a third-party catering firm, that firm must prove they are following the school's safety protocols, not just their own internal ones. Catering staff will need real-time access to the Individual Healthcare Plans and photos of children with severe allergies to ensure a meal is never handed to the wrong child.

While Natasha's Law (2021) already requires full ingredient labelling on pre-packaged food, Benedict's Law focuses on the process:

All Saints CE Junior Academy will ensure that there is rigorous "zoning" in kitchens to prevent accidental contact.

All Saints CE Junior Academy kitchen staff may participate in "mock" allergy emergencies to ensure they know where the spare AAls are kept and how to use them.

All Saints CE Junior Academy will be required to record and report "near misses" or allergic reactions. This data will be used nationally to identify high-risk foods or common procedural failures in school dining halls.

All Saints CE Junior Academy will comply fully with Benedict's Law by ensuring that:

- A published allergy management policy is maintained and reviewed annually;
- All staff receive allergy awareness and anaphylaxis response training;
- Spare adrenaline auto-injectors (AAls) are kept on-site and readily accessible;
- Every pupil with a diagnosed allergy has an Individual Healthcare Plan (IHP);
- Catering providers comply with the school's allergy procedures;
- Kitchen and serving areas operate strict allergen-control procedures;
- Allergy incidents and "near misses" are formally recorded and reviewed; and
- Communication between school staff, catering teams and parents is maintained effectively.

Natasha's Law

From 1st October 2021, the requirements for prepacked for direct sale have changed as a result of a new ruling passed in September 2019 known as 'Natasha's Law.' The Food Standards Agency say, "the new labelling requirements will help protect consumers by providing potentially life-saving allergen information on the packaging of the food."

Prepacked for direct sale (PPDS) food can include the following:

- Sandwiches and bakery products which are packed on site before a consumer selects or orders them;
- Fast food packed before it is ordered, such as a burger under a hot lamp where the food cannot be altered without opening the packaging;
- Products which are pre-packaged on site ready for sale, such as pizzas, rotisserie chicken, salads and pasta pots;
- Burgers and sausages pre-packaged by a butcher on the premises ready for sale to consumers;

- Samples of cookies given to consumers for free which were packed on site;
- Foods packaged and then sold elsewhere by the same operator at a market stall or mobile site; and
- PPDS food provided in schools, care homes or hospitals and other similar settings will also require labelling.

All Saints CE Junior Academy will ensure that and PPDS food will be labelled with the name of the food and a full ingredients list, including allergenic ingredients emphasised within the list. This will also apply to foods that are packaged before they are ordered or selected. It can also include food that students select themselves, as well as pre-wrapped food items that are kept behind a counter and some hot foods.

3. The responsibilities of the Trust / School

DCAT

DCAT is responsible for:

- Approving and reviewing this policy;
- Monitoring compliance with Benedict's Law; and
- Ensuring adequate resources and training are available.

RELISH SCHOOLS ONLY:

The majority of the Trust schools are part of a catering contract with Relish School Foods. The Director of Operations and Governance manages this contract at Trust level. This includes liaising with the contractor to ensure that the requirements of this policy are met in that all food and drink provided in **All Saints CE Junior Academy** will meet the national school food standards in England.

All Saints CE Junior Academy provides food it will evaluate the food and drink provision against the standards, and produce evidence of compliance. The LGB will work with the senior leadership team to develop a whole school food approach, including:

- Setting out the school's approach to its provision of food
- Food education (including practical cooking);
- The role of the catering team as part of the wider school team; and
- The school's strategy to increase the take-up of school lunches.

Head Teacher

The **Head Teacher** is responsible for:

- Implementing this policy;
- Ensuring staff training takes place;
- Maintaining appropriate allergy procedures;
- Reporting to Governors; and
- Coordinating emergency planning arrangements.

Health and Safety Manager / Allergy Lead

The **(HEALTH AND SAFETY MANAGER/ALLERGY LEAD)** Katharine Hurd is responsible for ensuring:

- Maintained allergy records and IHPs are in place;
- Monitoring compliance with procedures;
- Coordinating staff training;
- Managing emergency medication arrangements;
- Risk assessments are in place; and
- Investigating incidents and near misses.

Catering Staff and Contractors

Catering staff and contractors must:

- Follow allergen-control procedures;
- Prevent cross-contamination;
- Ensure food is correctly labelled;
- Participate in training; and
- Report incidents or concerns immediately.

Staff

All staff are responsible for:

- Following this policy;
- Completing required training;
- Responding appropriately to emergencies; and
- Reporting concerns promptly.

4. Allergy Management Procedures

All Saints CE Junior Academy recognizes that allergic reactions can be life-threatening and therefore takes all allergy concerns seriously.

The school will:

- Maintain an up-to-date register of pupils with allergies;
- Ensure allergy information is accessible to relevant staff;
- Implement allergen awareness measures in classrooms and dining areas;
- Minimise cross-contamination risks in kitchens and food preparation areas;
- Clearly label allergens in all food provided; and
- Promote a culture of allergy awareness throughout the school community.

The following 14 allergens will be identified where present in food products:

- Eggs;
- Milk;
- Fish;
- Crustaceans;
- Molluscs;
- Peanuts;
- Tree nuts;
- Sesame;

- Cereals containing gluten;
- Soya;
- Celery;
- Mustard;
- Lupin; and
- Sulphur dioxide/sulphites.

Non-food allergens include:

- Grass, tree, and weed pollens;
- Dust Mites;
- Mold Spores;
- Pet Dander;
- Latex;
- Cosmetics/Skin Care;
- Nickel;
- Insect Bites/Stings;
- Penicillin and related drugs;
- Non-steroidal anti-inflammatory drugs(NSAIDs) like ibuprofen or aspirin;
- Pet Food - this may contain allergens like soy, wheat, or fish; and
- Craft Materials such as wheat-based play dough or nut-shell-stuffed toys.

Individual Healthcare Plans (IHPs)

Every pupil with a diagnosed allergy will have an Individual Healthcare Plan (IHP).

The IHP will include:

- Details of the allergy;
- Known triggers;
- Signs and symptoms of allergic reactions;
- Medication requirements;
- Emergency procedures;
- Consent arrangements; and
- Contact details for parents/carers and medical professionals.

IHPs will be reviewed annually or sooner if medical needs change.

All IHPs will be made available to all staff and any other relevant persons in order to ensure the safety of all children with allergies and medical conditions. This will be done by uploading the IHP's on the individuals Arbor and Meditracker Account as well as being shared with relevant staff by email advising this is where they are stored. Paper copies are also in the staff room for staff to view. These systems are shared with staff and reminders provided when plans are adapted or changed.

Emergency Response Procedures

All staff must treat suspected anaphylaxis as a medical emergency.

In the event of a severe allergic reaction:

1. Emergency services will be contacted immediately;
2. An adrenaline auto-injector will be administered without delay;
3. Parents/carers will be informed as soon as possible; and
4. The incident will be formally recorded and reviewed.

No pupil experiencing anaphylaxis will be left unattended.

Spare Adrenaline Auto-Injectors (AAIs)

All Saints CE Junior Academy will maintain spare AAIs in accordance with Department for Education guidance.

Spare AAIs will:

- Be stored securely but remain quickly accessible;
- Be checked regularly to ensure they are within expiry dates;
- Be clearly labelled; and
- Be accessible during school trips and off-site activities where required.

The spare autoinjectors in **All Saints CE Junior Academy** are stored in **the main office within a labelled unlocked cupboard and in the unlocked medical cupboard on the ground floor.**

5. Staff Training Requirements

All staff at **All Saints CE Junior Academy** including temporary staff, Local Governors and volunteers, will receive allergy awareness training. This is allocated via a Handsam e-training course for Allergy Awareness. Training will include:

- Recognising signs of allergic reactions and anaphylaxis;
- Use of adrenaline auto-injectors;
- Emergency procedures;
- Allergen awareness;
- Cross-contamination prevention; and
- Responsibilities under Benedict's Law.

Training will be refreshed regularly and recorded centrally.

6. Catering and Food Safety Requirements

Where catering services are provided by an external contractor, the contractor must comply fully with this policy and all legal requirements.

All Saints CE Junior Academy will work with their food provider Relish to ensure that catering providers:

- Operate effective allergen-control procedures;
- Prevent cross-contamination through appropriate kitchen zoning;
- Maintain allergen information for all meals;
- Catering staff receive appropriate training; and
- Participate in allergy emergency drills where required.

Photographs and allergy information for pupils with severe allergies may be shared securely with catering teams where necessary for safeguarding purposes.

Communication with Parents and Pupils

All Saints CE Junior Academy will work closely with parents/carers and pupils to support allergy management.

Parents/carers are responsible for:

- Informing the school of any allergies or medical conditions;
- Providing prescribed medication where required;

- Updating the school regarding any changes to medical needs; and
- Participating in reviews of Individual Healthcare Plans.

The school will communicate allergy procedures clearly to staff, pupils and parents.

7. Educational Visits and School Trips

Appropriate allergy arrangements will be implemented for all educational visits and off-site activities.

Risk assessments for school trips will consider:

- Access to emergency medication;
- Food provision arrangements;
- Staff trained in anaphylaxis response; and
- Emergency communication procedures.

8. Record Keeping and Reporting

All Saints CE Junior Academy will maintain records of:

- Diagnosed allergies;
- Individual Healthcare Plans; Stored on Arbor and Meditracker and Paper copy stored in staff room.
- Staff training (Handsam)
- Allergy incidents (Handsam)
- Administration of AAls; Meditracker
- Near misses (Handsam)

Records will be stored securely and managed in accordance with data protection legislation.

Near Miss Reporting

All allergy-related near misses, including incidents involving incorrect food provision or potential allergen exposure, must be reported immediately, via Handsam.

The school will review all reports to identify:

- Procedural failures;
- Training needs;
- Risks within catering arrangements; and
- Preventative actions required.

9. Monitoring arrangements

The effectiveness of this policy will be monitored through:

- Incident reviews;
- Staff training records;
- Catering audits;
- Risk assessments; and
- Feedback from pupils, parents and staff.

The Governing Body will review this policy following any serious allergy-related incident and feedback to the Operations Manager in the Trust. This policy will be reviewed annually DCAT. At every review, it will be approved by the Trust Board/Committee.

10. Links to other policies

This policy links to the following policies:

- First Aid Policy;
- Supporting Pupils with Medical Conditions Policy;
- Health and Safety Policy; and
- Educational Visits Policy
